

Workshop Re-Commoning the Italo-Slovenian Borderlands: Civic Infrastructures and Shared Futures after GO!2025

6 June 2025, 10.00–13.00

Institute of International Sociology of Gorizia (ISIG)

Via Giuseppe Mazzini, 13 – Gorizia (IT)

PROGRAMME

10.00 | WORKSHOP OPENING

Welcome of the Participants

INTRODUCTION

1. Round of participants' self-presentations
2. Presentation of "Italian Borderscapes After 2020"

CO-DESIGN ACTIVITY #1

GO!2025 as a tool to re-frame the polycrisis-resilience nexus

CO-DESIGN ACTIVITY #2

Rethinking alternative shared futures after GO!2025

12.30 – 13.00 | WORKSHOP CONCLUSION

Final reflections

FOCUS & AIMS

The workshop aims to share and discuss collectively the preliminary findings of our research project *Italian Borderscape After 2020: Mapping, Unfolding and Re-Framing Border Territories in Response to Covid-19 Pandemic* by focusing on the **polycrisis-resilience nexus in the Slovenia-Italy borderscapes**, promoting a common reflection on current trends, main challenges and ongoing projects.

Through co-design activities, the workshop aims to contribute in supporting a cross-sectoral and trans-boundary dialogue on **alternative scenarios** for the future of the Gorizia-Nova Gorica-Šempeter-Vrtojba conurbation, starting from the ongoing projects and potential legacy of GO!2025.
